SUFFOLK COUNTY PRESCRIPTION DRUG COST COMPARISON PROGRAM

Resolution No. 922-2001, establishing a Suffolk County Prescription Drug Cost Comparison Program was passed by the Suffolk County Legislature and signed into law by the County Executive on October 25, 2001. The law required the Suffolk County Health Department to develop a list of the twenty-five prescription drugs most frequently used by those aged 65 years or older.

The Suffolk County Office for the Aging utilized the list of prescription drugs to develop a survey to determine prescription drug prices in Suffolk County. The Suffolk County Office of Consumer Affairs provided a list of pharmacies in Suffolk County to the Office for the Aging. The survey was then sent to the pharmacies inviting them to participate in the prescription drug price survey. Results received were compiled to show the most competitive price to the least competitive price for each prescription drug included in the survey.

Attached are the results of the prescription drug comparison survey. The survey is updated on March 31, June 30, September 30 and December 31. The Office of Public Information distributes a copy of the quarterly results to the Town Offices of Senior Citizens in Suffolk County; Suffolk County Office of Consumer Affairs; Suffolk County Office for the Aging; all Suffolk County Legislative district offices; all State Senate and State Assembly district offices located within the county of Suffolk; all Suffolk County funded Health Centers and all public libraries within the county of Suffolk. The survey can be accessed online: www.suffolkcountyny.gov

For additional information, please call the Suffolk County Office of Public Information at **853-4402**.

Suffolk County
Prescription Drug Cost Comparison Program
Table of Contents
April 1, 2004 - June 30, 2004
